

Need a brighter way to teach your students about energy?

All teachers know it's much easier to engage students in curriculum that's appealing and exciting – so why not get involved in Western Power's Solar Model Car Challenge?

It's a fun, practical and innovative way of getting your students involved in renewable energy and sustainability.

WA competition held over two days in October at Forrest Place, Perth.

New to the Solar Model Challenge? Come along to the teacher's PD – metro and regional locations available.
